

# DTV Broadcast

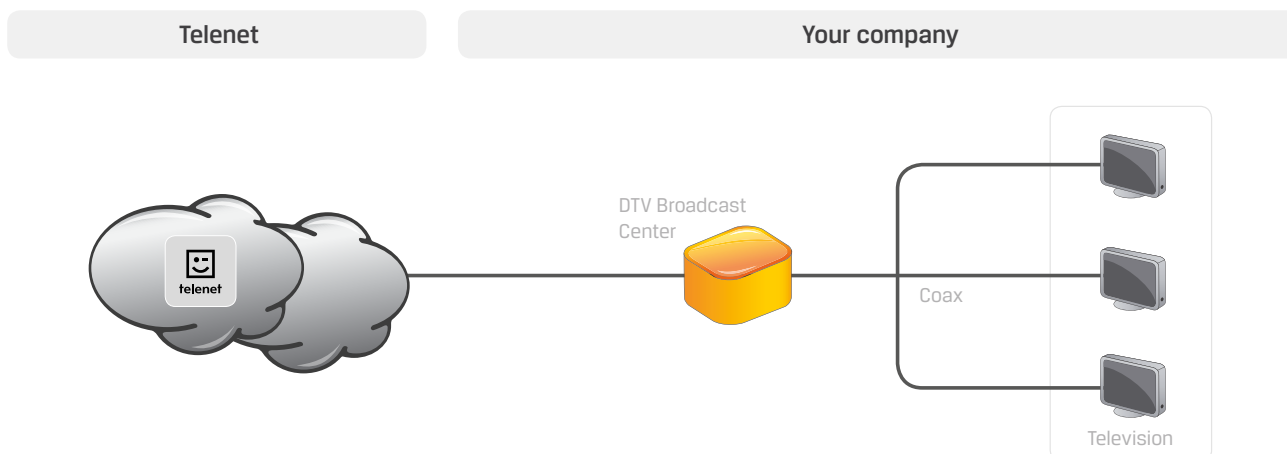

## Customized and advanced digital TV via coax

DTV Broadcast is the advanced solution for businesses and organizations that want to connect more than 50 TV sets. A central DTV Broadcast Center, which distributes the digital television signal to the devices, becomes the property of your company. This is supplied with a 2-year warranty.

### Advantages

- › Future-oriented, stable and scalable solutions
- › One central distribution unit (DTV Broadcast Center)
- › Connectible via a standard TV cable (coax)
- › Available in Flanders and Brussels
- › For TVs with a digital tuner (DVB-C/T)
- › No separate box on top of the set necessary
- › No extra remote control necessary
- › Unlimited number of TV connections
- › Superior digital picture and sound quality
- › Wide selection of channels
- › Integration of your own content and applications is possible (via cooperation with external Telenet partners)
- › Managed installation of the TV connection
- › Operational simplicity
- › Business Service Desk
